DAFTAR GAMBAR .......................................................................................................... xiii
DAFTAR LAMPIRAN ........................................................................................................ xvi
RINGKASAN .................................................................................................................. xvii
ABSTRACT ..................................................................................................................... xviii
BAB I PENDAHULUAN
   A. Latar Belakang Masalah ......................................................................................... 1
   B. Rumusan Masalah .................................................................................................. 4
   C. Batasan Masalah ..................................................................................................... 4
   D. Tujuan Penelitian ................................................................................................... 5
   E. Manfaat Penelitian ................................................................................................. 6

BAB II TINJAUAN PUSTAKA
   A. Landasan Teori ....................................................................................................... 7
      1. Aplikasi ............................................................................................................... 7
      2. Manajemen ......................................................................................................... 8
      3. Surat ................................................................................................................... 9
      4. Pengelolaan Surat ............................................................................................. 12
      5. Arsip .................................................................................................................. 15
BAB III METODE PENELITIAN

A. Tempat dan Waktu Penelitian .................................................. 40
B. Metode Pengumpulan Data ...................................................... 40
C. Alat dan Bahan Penelitian ....................................................... 42
D. Konsep Penelitian ................................................................. 44
E. Metode Pengembangan Sistem ................................................ 48

BAB IV PEMBAHASAN

A. Gambaran Objek Penelitian ...................................................... 51
B. Analisis Hasil ........................................................................... 53
1. Communication ....................................................................... 53
2. Planning .................................................................................. 61
3. Modeling .................................................................................. 62
4. Construction ........................................................................... 91
5. Deployment ............................................................................. 96
C. Pengujian ................................................................................. 106

BAB V PENUTUP

A. Kesimpulan .............................................................................. 110
B. Saran ....................................................................................... 111
