HALAMAN PERSETUJUAN ...................................................... iii
HALAMAN PENGESAHAN ..................................................... iv
HALAMAN SURAT PERNYATAAN KEASLIAN PENELITIAN ........ v
HALAMAN MOTTO ................................................................... vi
HALAMAN PERSEMBAHAN .................................................... vii
KATA PENGANTAR ................................................................ viii
DAFTAR ISI ............................................................................ x
DAFTAR TABEL ....................................................................... xii
DAFTAR GAMBAR .................................................................... xiii
DAFTAR LAMPIRAN ................................................................ xiv
RINGKASAN ............................................................................ xv
ABSTRACT ............................................................................. xvi

## BAB I PENDAHULUAN

A. Latar Belakang Masalah ..................................................... 1
B. Rumusan Masalah ........................................................... 5
C. Batasan Masalah .............................................................. 5
D. Tujuan Penelitian ............................................................ 6
E. Manfaat Penelitian .......................................................... 7

## BAB II TINJAUAN PUSTAKA

A. Landasan Teori ............................................................... 8
   1. Analisis ........................................................................... 8
   2. Analisis Sistem ........................................................... 9
   3. Sistem ............................................................................ 9
   4. Informasi ................................................................. 10
   5. Sistem Informasi ....................................................... 11
   6. Website ........................................................................ 11
7. Penerimaan Pengguna................................................................. 12
8. Technology Acceptance Model (TAM)...................................... 13
9. Pengembangan Model Penelitian............................................ 16
10. Skala Likert............................................................................. 17
11. Populasi dan Sampel.............................................................. 18
12. Teknik Sampling.................................................................... 19
B. Penelitian Sebelumnya............................................................. 20

BAB III METODE PENELITIAN
A. Tempat dan Waktu Penelitian............................................... 27
B. Metode Pengumpulan Data................................................... 27
C. Alat dan Bahan Penelitian.................................................... 29
D. Konsep Penelitian.................................................................. 30

BAB IV HASIL DAN PEMBAHASAN
A. Variabel dan Indikator pada metode yang digunakan............. 35
   1. Kemudahan Penggunaan.................................................... 35
   2. Persepsi Pengguna.............................................................. 36
   3. Kepuasan Pengguna............................................................. 37
B. Analisis Hasil.......................................................................... 38
C. Hasil Kuesioner Penelitian................................................... 39
D. Hasil Analisis Data................................................................. 43
   1. Uji Validitas........................................................................ 43
   2. Uji Reliabilitas.................................................................... 44
   3. Uji T-Test........................................................................... 45
   4. Uji F-Test........................................................................... 47
E. Hasil Rangkuman Penelitian.................................................. 48

BAB V PENUTUP
A. Kesimpulan............................................................................ 50
B. Saran...................................................................................... 51
